USC Participates in the All of US Research Program

Keck School of Medicine of USC, alongside other nationwide institutions, will be launching the All of Us Research Program. The program focuses on the development of precision medicine, which is a personalized approach to medicine and treatment. One of its priorities is involving a diverse group of participants who are typically underrepresented in biomedical research. The diverse backgrounds of the participants has the ability to increase the impact to biomedical research by gathering genetic, biological, environmental, health and lifestyle data from 1 million or more volunteer participants. The research project will serve nationwide as a resource for other health studies. To read more about the study or to participate, click [here](#).

Inspiring First Generation Student Navigates College, Keeps Promise she Made

Glenda "Milly" Rodriguez is a first generation engineering student who is paving the way for other latino students to excel. She is the president of the USC chapter of the Society of Hispanic Professional Engineers (SHPE) and through her leadership the membership has increased and so has the average GPA of student members. Through SHPE, Milly was able to establish a mentoring relationship with August Hawkins High School and share information about scholarships and internships for students who may not have access to college preparation resources. USC Robotics Open House

The USC Robotics Open House was hosted by the USC Viterbi School of Engineering's Adopt-a-School Adopt-a-Teacher PreK-12 STEM program. Over 1700 students, educators, and parents were able to engage with over 80 active research robots and the people responsible for building the robots. Over 100 USC students volunteers were at the event sitting on panels and showing the young students that science is an interactive and fulfilling discipline that can be accessible to everyone. The event offered an opportunity to look at one of the country's largest robot collections. Click [here](#) to read more.

Look Familiar? USC Plays Starring Roles in Popular TV and Movies

USC lives a double life as a top research University and moonlights as a Hollywood star. The campus was described as "the University to go to when shooting in Los Angeles" and can be seen on some of Shondaland favorites such as *How to Get Away With Murder*, *Scandal*, and *For the People* because the campus has so many different looks and can pass as the East Coast. USC's on screen history dates back to the 1930's and has been featured in many films, television shows, and commercials, making USC a very sought after location. Hi Debby,

Wonderful! The lunch meeting is confirmed for Councilmember Cedillo for **12 Noon on Monday, April 23**. Attached is a map of the Pardee Way Entrance, located off of Exposition Boulevard. Please ask the Councilmember to enter campus at that Entrance. I will make a VIP parking reservation for him there. I assume he and his Chief of Staff will arrive together, but let me know if two parking reservations will be needed. The map shows the **parking area (Childs Way)** as well as the location of the Ronald Tutor Campus Center where the luncheon will take place. The Ronald **Tutor Campus Center is denoted as TCC on the map**. The Councilmember should walk south (left) on Trousdale Parkway after reaching the Fountain that will be on his left. He will see the statue of Tommy Trojan as he approaches Trousdale Parkway. The Councilmember should enter the Tutor Center through the east entrance off of Trousdale Parkway. That entrance will be behind two gigantic Moreton Fig Trees. The President's Dining Room is the first door on the right after entering the Hallway. The Moreton Fig Restaurant is directly across the Hallway from the President's Dining Room. Also attending the luncheon are Tom Sayles and Martha Escutia.

Also, Dr. Nikias is hoping to give the Councilmember a tour of the campus and the University Village (by cart) immediately following lunch.

Please let me know if I may provide any additional information. If the Councilmember needs any assistance upon arrival with locating the Tutor Campus Center, he or his Chief of Staff can call me on my cell, (626) 825-9650, and I will walk out of our building and assist them.

Best regards,

You're welcome, Joanne. It's my pleasure. Let's keep a hold on April 23. There may be a possibility that we may be able to move the Councilmember's other appointment but I prefer to wait for Debby as I am not familiar if that appointment is longstanding or urgent. If you would be kind enough to indulge me with your patience until Debby returns on April 9, I would appreciate it. Thank you.

Tony

Thank you, Tony. Appreciate your getting back to me. Councilmember Cedillo, via Debby, requested the meeting. The next availability for a lunch meeting would be Wednesday, May 30. We could try to schedule a meeting at a time other than lunch if that would work better on the Councilmember's calendar. Please advise on how you would like to proceed.

Dear Debby,

I understand that Councilmember Cedillo plans to bring two staffers along with him to the lunch today at USC. Please note **that the food/beverages are reportable gifts valued at \$34 per person.**

According to our records, Councilmember Cedillo has not accepted any gifts from the university so far this year. As you know the gift limit is \$100 per calendar year. **Therefore, if two staffers attend the lunch today along with the councilmember, this would be \$34 X 3 or \$102 which slightly exceeds the limit. Are you attending along with the councilmember? If so, please have \$2 ready to pay at the lunch today.**

I apologize I was not there to receive the \$2.00 and I did not want to tell President Nikias nor Senior Vice President Sayles nor Vice President Escutia to do this.

If Councilmember Cedillo plans to reimburse for any of it, he can send the check for the total amount that he does not want reported. Otherwise, send a check for \$2.00 and we will report that he accepted \$100 on our 2nd quarter lobbying report.

Can you let me know if there are any specific items Gilbert would like to discuss? I need to report back to Martha, President pretty quickly. Below is the email that Cathy forwarded my way.

I also sent Gilbert a happy birthday text, and I may talk to him later today.

Hi Debby,

Good morning. My name is Claudia Buccio, and I am a reporter for USC Annenberg Media at the University of Southern California. I am reaching out to you because I am working on a story about the talks on regulating Airbnb and short term rentals. I was hoping I could interview Councilman Gil Cedillo about this issue and how the city is reacting.

Would Councilman Cedillo have time for an on-camera interview today February 7th before 3 pm? It would take 15 minutes at the most. Sorry for the short notice, but this a day of air story will go on our evening newscast. Hope you understand.

Thank you! I look forward to your response.

Please pass on to Councilmember Gilbert Cedillo

Dear Councilmember Gilbert Cedillo,

I understand you attended lunch on September 28, **2017**. Attendance at this event constitutes acceptance of a reportable gift. The gift value for your lunch was \$39.98. As you know the gift limit for city officials is \$100 per calendar year. We will report that you accepted this gift on our 3rd Quarter Lobbying Report unless you choose to reimburse this amount by October 28, 2017.

PLEASE NOTE: City officials only need to disclose gifts totaling \$50 or more in a calendar year. However, because USC is a lobbyist employer, it must report gifts of \$25 or more.

If you choose to reimburse \$39.98, we will not report it on the USC 3rd Quarter Lobbying Report. However, you are welcome to accept the gift and not reimburse the amount.

For reimbursement checks, please make check payable to University of Southern California and mail to the University of Southern California, Attn. Cathy Kuriyama, 3551 Trousdale Parkway, Suite 260, Los Angeles, CA 90089.

Please reply to confirm you received this email. Thank you for your assistance with this matter.

Dear Debby,

Since USC is a lobbyist employer, when USC pays for a meal or gift that is a benefit to the councilmember, it is reportable. One exception is if he has a speaking role at an event, the meal is not reportable.

PLEASE NOTE: The councilmember can choose to reimburse within 30 days of receiving the gift, in which case, nothing would be reported.

FYI - City officials only need to disclose gifts totaling \$50 or more in a calendar year. However, because USC is a lobbyist employer, it must report gifts of \$25 or more.

Thursday, September 28

Dr. Nikias could host Councilman Cedillo at USC or at the California Club. Let me know if the Councilman would have a preference.

Hello Debby,

Janice Hsia has forwarded me your message regarding scheduling a lunch for Dr. Nikias with Councilman Cedillo as I manage Dr. Nikias' calendar. Dr. Nikias would also like to include Martha Escutia in the lunch if that is ok with Councilman Cedillo. Will anyone else be joining the Councilman for the lunch?

Noted below are some possible dates in September:

Monday, September 11

Friday, September 15

Thursday, September 28

Dr. Nikias could host Councilman Cedillo at USC or at the California Club. Let me know if the Councilman would have a preference.

I look forward to hearing from you.

I'd rather not have it be a lunch that we have to report - is there any way we can move it to a location where this wouldn't be the case?

Dear Debby,

Since USC is a lobbyist employer, when USC pays for a meal or gift that is a benefit to the councilmember, it is reportable. One exception is if he has a speaking role at an event, the meal is not reportable.

PLEASE NOTE: The councilmember can choose to reimburse within 30 days of receiving the gift, in which case, nothing would be reported.

FYI - City officials only need to disclose gifts totaling \$50 or more in a calendar year. However, because USC is a lobbyist employer, it must report gifts of \$25 or more.

we had a couple of staff members receive parking citations in the lot that they were directed to park at.

If you could send a copy, that would be great. Unfortunately, if they parked out of the lines or in a reserved space, or anything along those lines, there is little we can do. In any case, they are welcome to file an appeal with our online system. Even us as staff and students are subject to the same rules and get cited (it's no fun).

Hi Tony,

Both rooms have AV hook ups with screens. You just need to bring a laptop and I would suggest back up speakers. If you have a Mac, you need to bring an adapter.

I will be sending over a map with your site locations to share with your staff as well as instructions for both rooms by Monday.

Let me know if you need anything else.

We did not make arrangements for parking, but the parking lots will be indicated on the maps. City vehicles will be able to park free of charge. I am awaiting confirmation as to whether or not the placards will also be free. Hoping to get an answer on that later today. I will send that info along with your maps.

Yes, we can assist them on catering portion as long as the order is in by the end of the day today.

Menu is attached for their review. In addition to menu price, there is a labor fee. How many people is this order for?

Tony - Great seeing you today. Here is a summary of the next steps:

1) We understand the first rooms (108, 111, 113, 117, 203) weren't preferred.

I will cancel this week.

2) We know Viterbi 526 is a priority, and Melinda will check confirmation for 7/27. We know that it is not available on 7/28 but will recheck. We didn't discuss this, but we Unfortunately, the Viterbi space is only available on 7/27 and is booked on 7/28. We only have 1 more viable option that can accommodate 25-30 people that I am in looking into today. I will let you know when I hear back. The Credit Union is also still available, worst case scenario.

3) Melinda is going to check to see if we can extend to 7/28.

See above.

4) Entire reservation will be from 8 am - 6 pm on 27th for sure, and hopefully the 28th.

You have the room on 7/27 from 7am-6pm

5) Melinda is going to look into how food is handled and will recommend a USC and outside caterer.

You are welcome to bring in your own food. Please note that you are entirely responsible for cleaning up and leaving the room in the exact same condition it was left.

6) Melinda is going to check on how A/V is used in the room. She will also see if one of their technicians is needed.

All the AV hookups you need are already in the room. You just need to bring a laptop, unless it's a MAC, then you will need to bring an adapter.

7) Melinda will look into parking your team in the Jefferson/Vermont lot. The one thing to keep in mind is that if we pay it would be considered a gift of public funds and we If you have City vehicles, you should be able to park in most parking lots and metered spaces. Unfortunately, the lot on the corner of Jefferson and Vermont is permitted parking

Let me know if I am leaving anything out.

Hi Tony,

I should have a confirmation for you later today with instructions for Friday's room.

As for food, I am also waiting to hear back from USC Hospitality. For parking, exempt plates should be fine to park in the USC meters and public parking lots, which I will send over when the instructions go out. I am waiting to see if the placards count as well. For those without placards, parking is \$12 per guest and I can make a reservation for you and have an invoice sent over. Note that the invoice would need to be paid in order to confirm the reservation.

We have reserved the following rooms: THH (Taper Hall) 108, 113, 117, and 203 for you. We can work to arrange a walk through of these spaces if necessary. These are the free only spaces available on campus to accommodate a group of your size. We also have the Credit Union conference room on hold for you, which is directly behind the Galen Center and is a nicer facility. They are off campus and do have parking limitations. They can accommodate about 15 cars for you at most. I have attached a campus map for your reference so you get a sense of where things are. We are also happy to connect you to alternative spaces at Expo Park, which could include Expo Center, the Coliseum, or the Science Center.

Gerald/Debby - I hope you both are doing well. I wanted let you know that we are heavily involved in the City process for the Lucas Museum and some of our partners are going to reach out to you to set-up a meeting to discuss with the Councilmember and yourself. The item is coming before PLUM in the next week or so, and Becky Warren and/or Christine Aghassi will be reaching out (if they haven't yet). Let us know if there is anything we can do to expedite.

Good Afternoon,

USC's Government Relations team helped the Viterbi School of Engineering in obtaining Federal Grant money to open the USC Center for Advanced Manufacturing (CAM) in Los Angeles. This will be the only major academic manufacturing facility in the greater Los Angeles area. CAM was selected to participate in a National Manufacturing Innovation Institute program in robotics manufacturing, which will help bring new federal funding to the City of Los Angeles. We hope you and the Councilmember are able to join us next Friday, February 24th from 9:30am to 12:00pm at 2727 S. Flower Street, Los Angeles. I have also attached the invitation for you.

Let us know if you need any additional information or if you plan on attending. Hope to see you there!

Good Afternoon,

USC's Government Relations team helped the Viterbi School of Engineering in obtaining Federal Grant money to open the USC Center for Advanced Manufacturing (CAM) in Los Angeles. This will be the only major academic manufacturing facility in the greater Los Angeles area. CAM was selected to participate in a National Manufacturing Innovation Institute program in robotics manufacturing, which will help bring new federal funding to the City of Los Angeles. We hope you and the Councilmember are able to join us next Friday, February 24th from 9:30am to 12:00pm at 2727 S. Flower Street, Los Angeles. I have also attached the invitation for you.

Let us know if you need any additional information or if you plan on attending. Hope to see you there!

USC STEM CELL "DAY OF DISCOVERY" BRINGS 500 HIGH SCHOOL YOUTH TO USC HEALTH SCIENCES CAMPUS

All - I thought we would share a recent news article that appeared in the USC Health Sciences Campus News highlighting the "Stem Cell Day of Discovery" held Saturday, February 4th at the Health Science Campus, Keck School of Medicine. By all accounts, the day was highly successful with 500 high and middle school students having the opportunity to participate in an array of exciting activities designed to help them explore their full potential.

Throughout the morning, students were involved in games, hands-on scientific "research" and conversations with the researchers themselves who sought to more fully invest in their burgeoning interest in this emerging frontier. "It was a true joy to welcome the middle and high school students from our neighboring communities in Boyle Heights, El Sereno, Lincoln Heights the San Gabriel Valley and throughout Los Angeles. This bright young generation brings tremendous potential to their future pursuits in biotechnology and beyond" said Dr. Rohit Varma, Dean, Keck School of Medicine.

See attached article for quick summary and input from local educational leaders.

Arturo/Debby/Tony - Hope you all are doing great. Back in 2013, the Councilmember signed an MOU with USC which is required for our hospitals to participate in the federal 340B program and simply confirms that our hospitals provide discounted services to patients in financial need. Since we now own and operate 3 hospitals (including Verdugo Hills), we need to update the original MOU to include three hospitals. This signature will allow us to remain committed to providing care to the indigent and uninsured. The only thing this signature does is expand what we are currently able to do to Verdugo Hills Hospital.

Attached is the new MOU, and a copy of the old MOU signed in 2013. Let me know if this is possible. Our hospital folks need to submit this by early next week, so let me know if Monday, January 30th is possible.

Thanks!!!

David

Hi Jeffrey,

I hope this email finds you well.

Gil tells me that you are back in town, and he wanted me to extend this invitation to you for tomorrow evening. Jenni from your team will be joining us there as well. The Councilman will be presenting an award during the dinner ceremony. We will also be hosting a couple seniors from the Metro Lofts. It will be a special event.

Additionally, he would love to have lunch with you. Please let me know if tomorrow or Friday is available for you. I understand you love Italian - so we know a couple places!

Thanks,

It's not in our district, but it should be a good event, I think Jenni wanted to extend the invite to Gil if he's available. But up to you/him.

Hi Jenni!
So nice to meet you yesterday.
I do have a conflict on his calendar - as he's fully committed this weekend, but I'll let you know if anything changes and he can pop in.

Thanks again!

Debby –

It was great to meet you last week. Thank you again for all you time - I look forward to working with you on our exciting Chinatown project.

I would like to invite you and a guest to Adidas' NBA All-Star Weekend event, [747 Warehouse Street](#) at ROW DTLA. The event is on Saturday, February 17th from noon – 11pm. There will be musical performances, basketball activations, a warehouse immersion tour and plenty of current and former NBA players.

Here is more information on the event. <http://www.adidas.com/us/747warehousest>

Please let me know if you are able to attend as soon as possible. Once confirmed, we will send you more information on how to get your tickets.

This should be a fun and exciting event! We look forward to seeing you there.

Thanks,

Jeff
